

**How are  
Crayons  
Made?**

1.

**Wax is heated with steam**

**2.  
Melted  
wax is  
pumped  
into a silo**

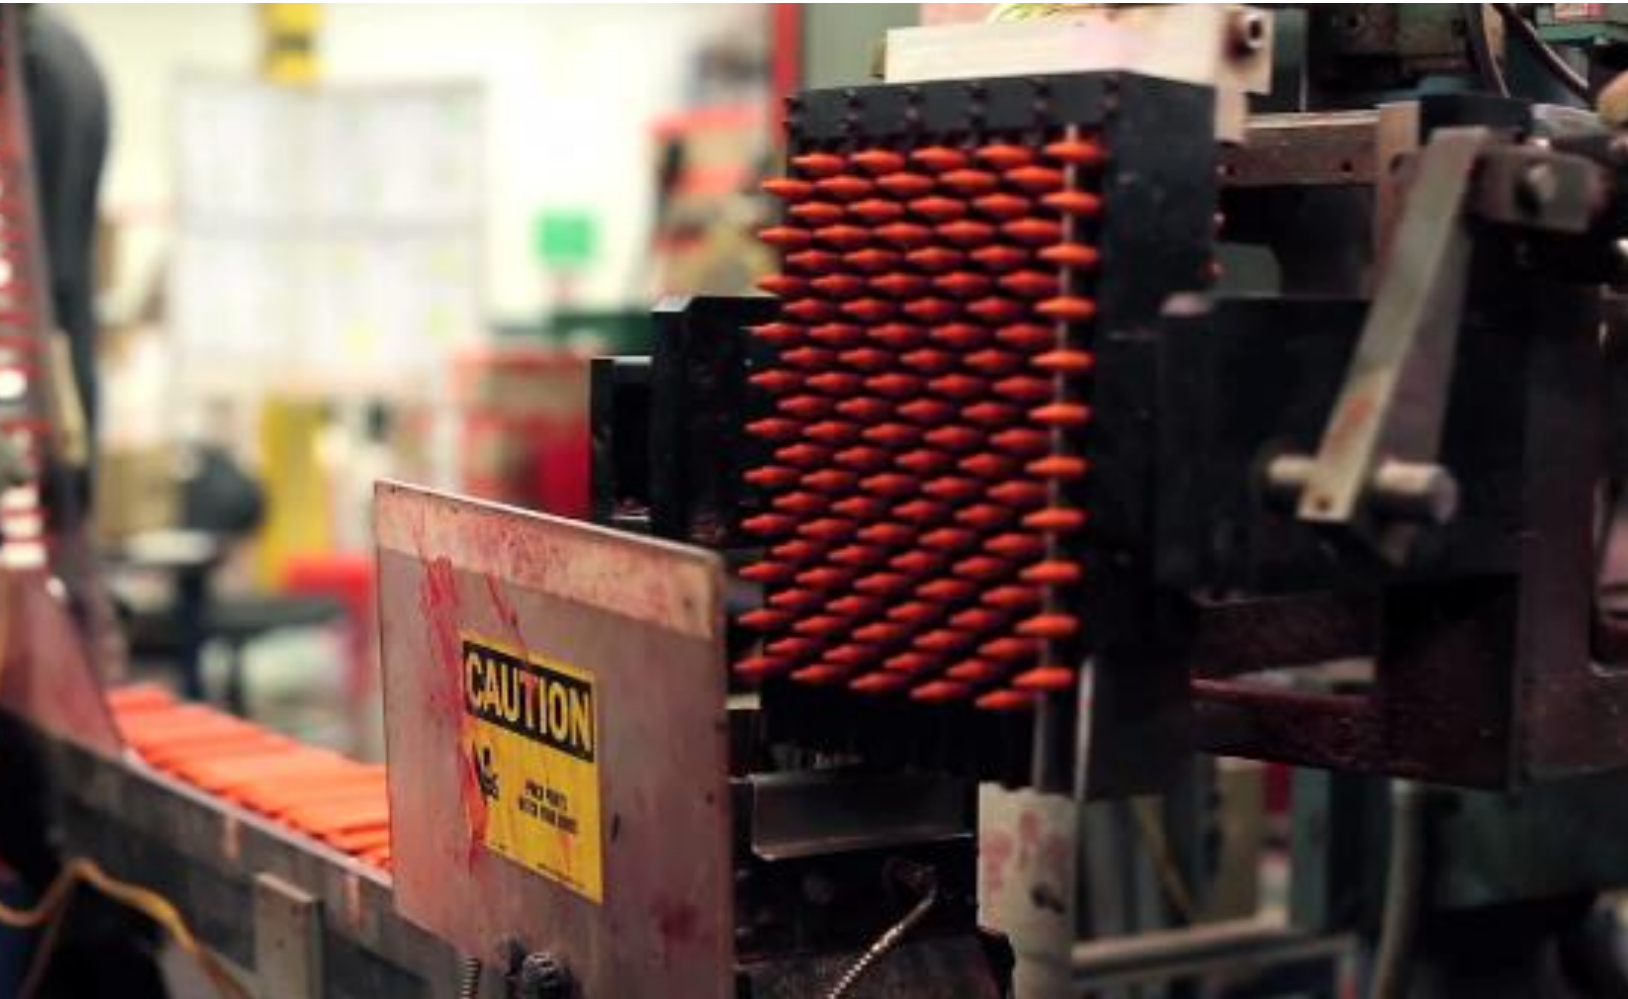

**3.**  
**It's then**  
**pumped**  
**into a**  
**mixing**  
**area**  
**where the**  
**color is**  
**added**

4.  
Colored,  
melted  
was is  
poured  
into  
molds

**5.  
The  
crayon  
shaped  
wax is  
cooled.**

**6.  
The  
crayon is  
now  
labeled.**

**7. Sorted by color**

8.  
**Organized  
into boxes**

9.  
**Boxes  
are then  
prepared  
to ship to  
stores.**

10.  
Boxes  
are on  
store  
shelves  
ready to  
purchase.

Let's watch a video of  
how crayons are made!
